

CASTLES, CATAPULTS, AND COATS OF ARMS

Explore the lifestyles and scientific ideas of Medieval Europe
in this three-day Club Invention summer camp.

Spurlock Museum • June 24–26 • 9:00 AM–3:00 PM

**CRAFT A STURDY CATAPULT TO DEFEND
YOUR FORTRESS!**

**DESIGN A COAT OF ARMS
AND A SHIELD!**

**SCULPT CLAY BOATS TO
CARRY PRECIOUS CARGO!**

**MAKE A WATER WHEEL THAT WILL
LIFT WEIGHT!**

Castles and Catapults weaves medieval history, basic scientific principles, and hands-on creativity through the challenges of each day. Participants discover how everyday inventiveness existed even in a time of limited literacy and schooling.

Developed by the National Inventors Hall of Fame, Club Invention provides an interactive experience by using inquiry-based learning. Club members participate in hands-on activities where they can role play as well as design, build, create, and explore. The Club curriculum will be supplemented with artifact handling, books, video, and visits to the Spurlock Museum's gallery of European cultures. This program is open to students entering grades 3 through 7 in fall 2009.

Registration deadline is June 15. Registration is non-refundable after that date. Limited to 16 participants.

2009 Club Invention® registration form

Spurlock Museum

Wednesday, June 24–Friday, June 26 • 9 AM–3 PM

Full payment is required to process your registration. Registration is non-refundable after June 15. Fee: **\$70**.

Make checks payable to **Club Invention**.

Send payment and completed form to:
